Official GSMHL Roster Sheet

Note: Captains need only to fill in changes to the roster. (Example: Player #2 is not being changed, so the #2 rows both "On" and "Off" should remain blank.)

Note: The "On" row is for the player that is on the roster presently or is going on now in that number spot. The "Off" row is for the name of the player that was in that spot and is being removed from the roster or having his number changed to a different No.
